Grow Your Manufacturing Business

DO YOU RELATE TO ANY OF THIS?

- You're looking for new ways to reach more customers.
- You're proud of your products and need to stand out in a fiercely competitive market.
- You're looking to grow your local supply chain.

HOW THE ONTARIO MADE PROGRAM HELPS

Managed by Canadian Manufacturers & Exporters (CME), and supported by the Government of Ontario, Ontario Made is a program that celebrates products manufactured right here in Ontario.

This branding program aims to raise the profile of companies like yours by promoting your Ontario-made products and strengthening our local supply chains by facilitating connections between businesses across the province.

WHAT YOUR COMPANY WILL GAIN

- Increased exposure to new customers – receive listing space on Ontario Made's searchable product database
- Connections with a diverse community of manufacturers who share the same passion as you, opening the doors for new partnerships
- Growth of your supply chain – gain direct access to a wide range of other trusted Ontario Made manufacturers
- Enhanced brand image and increased customer trust

QUALIFYING CRITERIA

Products that qualify for the Ontario Made program are manufactured goods that have undergone their last substantial transformation in the province of Ontario.
